All programs maintain data documenting the nature and extent, or number of service units provided to each recipient. Programs remain eligible to bill for a client's intensity level when the client misses services, provided the program documents both the reason the client missed the service(s) and the interventions taken. Effective August 1, 2024, hours in a treatment week may be reduced in observance of federally recognized holidays. Room and board is not eligible for medical assistance payment as substance use disorder treatment.

13.d. Rehabilitative services.

(continued)

Payment rates for **individual and group therapy services** are based on efficiency standards by which counseling-staff cost are at least 50% of all costs for providing both group and individual therapy. Reimbursement for any combination of individual and group therapy services in excess of 6 hours per day or 30 hours per week per beneficiary requires prior authorization.

Payment rates for **medication assisted therapy services** and **medication assisted therapy services plus additional counseling services** include the administration of methadone and other drugs in combination with counseling. Rates are based on standards of efficiency by which counseling staff costs are at least 50% of all service costs to provide the minimum number of treatment hours, to which the drug dosing cost is added. Medication assisted therapy services are generally provided daily, on an outpatient basis. For services provided in a residential setting, the daily residential rate is increased by the dosing cost.

~~Payment rates for **high intensity residential treatment services**, provided on a daily basis to equal a minimum of 30 treatment hours per week, are based on an averaging of historical rates for this intensity.~~

~~Payment rates for **medium intensity residential treatment services**, provided on a daily basis to equal a minimum of 15 treatment hours per week, are based on an averaging of historical rates for this intensity.~~

~~Payment rates for **low intensity residential treatment services**, provided on a daily basis to equal a minimum of five treatment hours per week, are based on an averaging of historical rates for this intensity.~~

~~Payment rates for substance use disorder services provided in a hospital-based residential program are based on an averaging of historical rates for these programs.~~

Payment rates for **withdrawal management** are based on historical costs of direct and indirect services and account for variation in the intensity of the treatment and the required staffing levels.

The following adjustments to the base rates apply to outpatient services rendered by SUD providers certified by the Commissioner as meeting the standards of Minnesota's substance use disorder 1115 waiver demonstration. Providers eligible for this adjustment must offer Medication Assisted Treatment (MAT) services onsite or facilitate access to MAT services offsite and maintain formal referral arrangements with other demonstration providers offering step up and step down levels of care. Adjustments under this section are contingent on provider certification and Minnesota's continued participation in the federal demonstration waiver.

~~Payment is increased by 25 percent for low, medium, and high intensity residential treatment services. Eligible providers must have medical, psychological, laboratory, toxicology, and pharmacological services available through consultation and referral in accordance with standards published by the Commissioner.~~

Payment is increased by 20 percent for outpatient SUD treatment services including individual and group therapy services in licensed adult and adolescent programs and medication assisted therapy in adult programs. Eligible providers must have medical, psychological, laboratory, toxicology, and pharmacological services available through consultation and referral in accordance with standards published by the Commissioner.
