

Methods and Standards for Establishing Payment Rates

1. Services Provided Under Section 1915(i) of the Social Security Act. For each optional service, describe the methods and standards used to set the associated payment rate. *(Check each that applies, and describe methods and standards to set rates):*

For three participants sharing services, payment must not exceed two times the payment for serving one participant. This paragraph applies only to situations in which all participants were present and received shared services on the date for which the service is billed.</p> <p>The rate methodology consisted of:</p> <ul style="list-style-type: none"> • A base wage index was established using Minnesota-specific wages taken from job descriptions and standard occupational classification codes from the BLS Occupational Handbook. 	Personal Care 1:1 unit	\$6.21	Personal Care 1:2 unit	\$4.67	Personal Care 1:3 unit	\$4.09
Personal Care 1:1 unit	\$6.21						
Personal Care 1:2 unit	\$4.67						
Personal Care 1:3 unit	\$4.09						

- A competitive workforce factor multiplier was applied to the direct staffing wage to address the difference in average wages for direct care staff and other occupations with similar education, training, and experience requirements, as identified by the BLS Occupational Handbook.
- The average wages were adjusted to differentiate between shared and individual staffing.
- Shared staffing was taken into account, when staff are available to provide services to more than 1 person and individual staffing, when direct care staff are available to solely provide support as a 1-to-1 interaction with a specific individual.
- These wage expenses were multiplied by factors for relief staffing, ancillary staff needs, employee-related taxes and benefits, and client programming.

Budget Model:

Under the budget model, an amount equal to the participant's authorized service units multiplied by the amount listed above for a 1:1 unit is authorized for use by the participant.

Shared care: For 1:2 and 1:3 shared care under the budget model, services are billed according to the shared care rates outlined above.

Rate Enhancements

An enhanced rate of 107.5 percent of the rate paid for CFSS must be paid for services provided to persons who qualify for ten or more hours of CFSS per day when provided by a support worker who meets the training requirements.

A rate enhancement is also paid based on the experience of support workers according to the following formula (and applies to the 1:1, 1:2, and 1:3 rates). Workers must provide more than 1000 cumulative hours of PCA or CFSS services under sections 1905(a) for PCA, 1915(c) for extended PCA and extended CFSS, and under sections 1915(i) and 1915(k) for CFSS. The calculation is based on the cumulative hours worked beginning on July 1, 2017. When the 107.5% rate enhancement and the enhancement for worker experience applies to the same worker, the 107.5% amount is the base for calculating this additional enhancement.

The enhancement is as follows:

- (1) for workers who have provided between 1,001 and 2,000 cumulative hours, the amount is 2.17 percent;
- (2) for workers who have provided between 2,001 and 6,000 cumulative hours, the amount is 4.36 percent;

	<p>(3) for workers who have provided between 6,001 and 10,000 cumulative hours, the amount is 7.35 percent; and</p> <p>(4) for workers who have provided more than 10,000 cumulative hours, the amount is 10.81 percent.</p>

	<p>Personal Emergency Response Systems (PERS): Personal emergency response systems include three parts. Each part has its own limit per service agreement year:</p> <ul style="list-style-type: none">• Purchase of the PERS equipment, including necessary training or instruction on use of the equipment (\$1,500 maximum)• Installation, setup and testing of the PERS equipment (\$500 maximum)• Monthly monitoring fees (\$110 monthly maximum).

	<p>The CFSS participant receives up to \$3,000 total of personal emergency response equipment and related services per service agreement year.</p>
	<p>Individual Directed Goods and Services: When a participant chooses to purchase goods and services through CFSS, the cost for the goods and services is covered using the participant's service budget.</p> <p>Limitations:</p> <p>Goods and Services must not exceed an individual's budget allocation.</p>
	<p>Financial Management Services: Financial Management Services (FMS) providers must provide their service rates to the state agency as a part of the contracting process. They are required to notify the state agency immediately of any changes to their established rates. FMS providers must make public the maximum rate(s) for their services and a public site with approved providers and rates is maintained by DHS at https://mn.gov/dhs/people-we-serve/people-with-disabilities/services/home-community/programs-and-services/fms.jsp. The rate and scope of FMS is negotiated between the participant or the participant's representative and the FMS provider, and included in the service delivery plan. FMS provider fees must be on a fee-for-service basis and not a percentage of the participants' service budget, and may not include set up fees, base rates or other similar charges.</p>
