DEPARTMENT OF HUMAN SERVICES

Minnesota Fee-for-Service and Managed Care Medicaid
Uniform Preferred Drug List effective: November 3, 2026

The Uniform Preferred Drug List (PDL) is created by the Minnesota Department of Human Services (DHS), in consultation with the Drug Formulary Committee (DFC), and includes many commonly used medications. In order for drugs in the Uniform PDL to be covered by Minnesota Health Care Programs (MHCP), they must be approved by the U.S. Food and Drug Administration (FDA), and the manufacturer must participate in the federal Medicaid Drug Rebate Program (MDRP).

Managed Care Organizations (MCOs) that offer drug benefits to MHCP members must use the Minnesota Department of Human Services' (DHS) Uniform PDL. The Uniform PDL will ensure a more consistent drug benefit for all members and minimize disruptions if a member's health plan changes. Members enrolled with an MCO will have access to all of the preferred drugs on the PDL, as well as the other drugs on their plan's List of Covered Drugs (formulary). Generally, drugs that are "preferred" are more cost effective and drugs that are "nonpreferred" are less cost effective. Non-preferred drugs require a prior authorization. Preferred drugs are available to members with fewer restrictions.

If providers have additional questions, please contact:

- Prime Provider Help Desk (for members in fee-for-service Medicaid) at 844-575-7887
- MCO responsible for the member's coverage (for members in Managed Care Medicaid or MinnesotaCare). See the table below.
